**Resolution 1 – Amendment to the Constitution**

To insert into our company's constitution the following new clause 10.3A 'Advisory resolutions': "The Company in general meeting may by ordinary resolution express an opinion or request information about the way in which a power of the Company partially or exclusively vested in the Directors has been or should be exercised. However, such a resolution must relate to an issue of material financial relevance and cannot either advocate action which would violate any law or relate to any personal claim or grievance. Such a resolution is advisory only and does not bind the Directors or the Company."

*(Note that an accompanying ordinary resolution seeking fossil fuel exposure reduction targets should also be included on IAG Limited's Notice of 2019 Annual General Meeting. Shareholders who vote by proxy should be able to lodge a vote on both resolutions.)*

**Resolution 2 – Fossil fuel exposure reduction targets**

Shareholders request that the company disclose measurable and verifiable short-, medium- and long-term targets to reduce investment exposure to fossil fuel (oil, gas, coal) assets, along with plans and progress to achieve the targets set. These targets should be consistent with the goal of the Paris Agreement to pursue efforts to limit the temperature increase of global warming to 1.5°C above pre-industrial levels. This information should be published annually, starting with the 2019-20 annual report.
